To Whom It May Concern,

I am writing to verify that Johnathan Doe, born on March 15, 2035, has been under my care for a severe respiratory infection. Based on my evaluation, Johnathan requires medical leave to recover from this condition.

Johnathan is expected to be under treatment from September 10, 2054, to September 24, 2054, and during this period, it is advisable for him to avoid strenuous activities and work environments that may exacerbate his condition.

Please feel free to contact me if you need further information or clarification.

Sincerely,
